The listings were correct as of 26th June 1992. If your name is not in the list it is not in the computer records. If you would like it including in the next handbook, then please make sure that you mention it when you renew your subs with John, GØBXO. If you pay by standing order you can drop a note to either John or to Dave, G4WZV, who keeps the computer records. Both are QTHR at the front of the handbook. Apologies to the SWL members - your surname is not included because that data was not extracted from the database and this is difficult to rectify as the records are in the process of being transferred to another computer at the moment. I promise to do better next time! Advance apologies too for omissions - whatever we do somebody seems to be missed.

# MEMBERSHIP INFORMATION

**CHANGES:** Now that the membership numbers have reached the seven thousands, keeping track of everybody has become enormous and so the sterling work done by G4HYY until recently has been divided between John Leak, GØBXO, and Dave Aizlewood, G4WZV. John handles all the suscription renwals and new members - Dave keeps the computer records up to date and prints the address labels for SPRAT.

**THE CLUB RECORDS:** The club records are now maintained, by G4WZV, in a database on a PC computer. You are stored under your membership number so please quote it in all correspondence, especially when renewing subscriptions. The data stored is as it appears on your SPRAT label plus (i) a code for postal area and (ii) your christian name. The latter was used when compiling the listings for this handbook.
